

❖ **Internship**

➤ **Internship Program Overview**

The **Internship Program** of our college aims to bridge the gap between theoretical learning and real-world professional experience. It provides students with hands-on exposure to **industry practices, hospital environments, community pharmacy operations, and clinical research activities.**

The Internship Cell ensures that students gain practical knowledge, develop professional skills, and understand the roles and responsibilities of a pharmacist in various sectors.

➤ **Objectives of the Internship Program**

1. To provide real-world professional exposure

Students get practical experience in pharmaceutical industries, hospitals, community pharmacies, research centres, and regulatory offices.

2. To develop essential skills

Training helps students build:

- Communication skills
- Technical laboratory skills
- Patient counselling
- Documentation & reporting
- Teamwork and leadership

3. To enhance employability

Internships help students understand industry expectations and improve job readiness.

4. To encourage industry–academia interaction

Build partnerships with pharmaceutical companies, hospitals, CROs, and healthcare institutions.

5. To build confidence and professionalism

Students understand workplace ethics, behaviour, and responsibilities.

6. To support career growth

Internships help students identify their areas of interest—industry, hospital pharmacy, community pharmacy, research, QA/QC, regulatory affairs, etc.

➤ **Internship Areas (Pharmacy Related)**

- Pharmaceutical Industry (Production, QA, QC)
- Hospital Pharmacy
- Community Pharmacy
- Clinical Research Organisations (CROs)
- Pharmacovigilance
- Research & Development (R&D Labs)
- Drug Regulatory Affairs
- Biomedical Research Labs

➤ **Responsibilities of the Internship Cell**

- Coordinating internship placements with industry and hospitals
- Maintaining MoUs and professional partnerships
- Providing internship guidelines to students
- Monitoring student progress through reports/logbooks
- Conducting pre- and post-internship orientation sessions
